

## DISCUSSING THE WAR SETTLEMENT

THERE IS STILL MUCH TALK REGARDING THE TERMS.

Spaniards in Cuba Fear the Violence of the Natives—Fifty Thousand American Troops For the Island—Evacuation of Porto Rico Nearly Complete.

Havana, Sept. 21.—[Special]—The American flag is now flying in this city, and there are many who are wishing that it may never be hauled down. At present it is waving over the hotel where the American peace commissioners are staying. It is common talk here that after the evacuation of the Spanish troops, Spaniards doing business here will be compelled to look to the Americans for protection against the Cubans. The latter are a vindictive race, and will, if permitted, persecute every person of Spanish birth who remains on the island. From this source much of the trouble of the future is feared. The Cubans' desire to "get even" with the Spaniards may lead to scenes of carnage that will be a blot upon the civilization of the age. It is believed by many that the only means by which such occurrences can be avoided will be for the United States to take complete possession of the island. It is a singular fact that the strongest advocates of annexation on the island are Spaniards. Deprived of the protection of Spain they are anxious to secure that of the United States, for they realize that single handed they will be the victims of untold outrages.

## TROOPS FOR CUBA'S OCCUPATION

Fifty Thousand Will Be Sent There to Preserve Order.

Washington, Sept. 21.—[Special]—Assistant Secretary of War Micklejohn is making arrangements for sending 50,000 troops to Cuba as soon as the yellow fever season has passed. That number, it is thought, will be needed to preserve order while the Cuban government is being organized. There is much turbulence in many districts, and a large number of people have become unfitted for peaceful pursuits owing to the long continuance of war conditions in the island. A strong arm will be needed to keep them in control. It is not the purpose of the government to leave the Cubans to their own discretion in all things. If they behave themselves and manifest a disposition to maintain a stable government, they will be permitted to do so unmolested. But if they begin fighting among themselves for the privilege of holding the offices the government of the islands will be taken out of their hands and administrative officials appointed to control affairs generally.

## INSTRUCT SPAIN'S COMMISSIONERS

They Will Strenuously Insist Upon Retaining the Philippines.

Madrid, Sept. 21.—[Special]—The cabinet council held a long session yesterday. The ministers fully approved the instructions to the peace commissioners, who start for Paris Sunday. The instructions are mainly devoted to the Philippines. They are less precise respecting the West Indies, the disposition of which is virtually settled by the protocol. Nevertheless the commissioners are definitely instructed concerning the Cuban debt and commercial relations, upon which points they are to insist strenuously.

## EVACUATION IN PROGRESS.

Spanish Troops Are Now Leaving Porto Rico By the Thousands.

San Juan, Sept. 21.—[Special]—Eight hundred Spanish soldiers boarded the transport San Juan today and sail for Spain tonight. The movement of troops toward San Juan continues. At this morning's meeting of the evacuation commission it was arranged to evacuate Alibonito, Barros and Barrigueros Saturday, and Guanamo Cayey Sunday. It is expected that all Spanish troops will be out of the island in three weeks.

## DUTIES ARE REMITED.

Supplies For Starving Cubans Will Be Landed at Havana.

New York, Sept. 21.—[Special]—The supply steamer Comal, intended for the relief of starving Cubans, will probably be landed at Havana free of duty. The Spanish officials having virtually granted the American commissioners' request. The Spaniards have been trying to collect \$60,000 duties on the cargo.

## ODD-FELLOWS' NEW OFFICERS.

Convention at Boston Chooses A. S. Pinkerton as Grand Sir.

Boston, Mass., Sept. 21.—The second day's session of the Sovereign grand lodge, I. O. O. F., opened with a full attendance of delegates. As had been expected, A. S. Pinkerton of Worcester was unanimously elected grand sire. Other officers elected: Deputy grand sire, Dr. A. C. Cable of Ohio; grand secretary, J. Frank Grant of Baltimore (re-elected); grand treasurer, Richard Muckle of Philadelphia. Detroit was chosen for the next annual session, and then came the adjournment.

The day closed with the twenty-second annual reunion of the past grand representatives, officers and members of the sovereign grand lodge this evening. It was an event productive of good fellowship. John W. Stebbins of Rochester, N. Y., presided. He spoke at some length on the principles of Odd-Fellowship and duties and obligations of the members of the order and what they had accomplished in their annual gatherings. Grand Representative J. Otis Humphrey of Illinois gave an address on the purposes and meaning of Odd-Fellowship.

One of the pleasant events of the day was the reception given to the officers of the grand lodge and their ladies by the Daughters of Rebekah of Massachusetts, when 1,500 persons were present. Grand Sir Fred Carleton of Austin, Tex., made an address.

## To Enforce Anti-Trust Law.

Springfield, Ill., Sept. 21.—An attempt to enforce the anti-trust law of the state is to be made by Attorney General Akin. The law provides that each incorporated company doing business in the state must certify each year that it is not a member of any pool or trust and that it has not entered into a conspiracy in restraint of trade, but no legal effort has heretofore been made to enforce the measure, and it has been pretty generally disregarded. Last year fully 20,000 corporations failed to comply with the statute and the attorney general is preparing to proceed against them.

## Third-Pool Miners Win.

## SUPREME COURT FAVORS BAINES

DENIES MOTION MADE FOR REHEARING.

It Now Appears That City Had No Right to Close Wall Street—As the Matter Now Stands Mr. Baines Is On Top—Case Means Much to the City.

Ex-Mayor Frank S. Baines is in high glee, and it is all owing to the decision handed down by the supreme court of the state of Wisconsin yesterday in the case of Frank S. Baines vs. the City of Janesville, and Chicago & Northwestern Railway Company.

The supreme court, after going carefully over the case, has denied the motion for a rehearing made by the defendants. As the matter now rests it looks as though Mr. Baines was master of the situation, and that the city of Janesville and the Chicago & Northwestern Railway Company acted rather hastily when they vacated that portion of Wall street crossed by the railroad tracks. Just what the next step will be in the matter of a final settlement remains to be seen.

## The Case Was Interesting.

To the supreme court the case was appealed by the plaintiff Frank S. Baines, from an order made by the circuit court of Rock county, Nov. 19, 1897, denying the application of said plaintiff for an injunction restraining the defendant, City of Janesville, from vacating those parts of Wall street and Marion street described in the complaint and denying the application for an injunction restraining the defendant, the Chicago & Northwestern Railway company, from stopping up, obstructing or building platforms or sheds. The action was first begun by the serving of a summons on November 17, 1897, the complaint being served the same day.

Mr. Baines in his complaint objected strongly to the vacating of Wall street, claiming that Wall street is one of the principal highways of the city, having been used by the public for more than thirty years. Mr. Baines further claims that in 1892 he erected a tobacco warehouse at the corner of Wall and Madison streets, making improvements that figured a total cost of about \$10,000, and that if Wall street was closed at the point in question it would injure his property. He also claimed to enjoy an annual business of about \$200,000, and that if the street was closed it would injure his business.

## Not All Signed.

When the petition was circulated for Wall street property owners to sign, every owner of property on the street did not append his signature, the city claiming that only two-thirds was needed. When the case was in the courts the city vacated this street, and the railroad company lost no time in occupying it by building a platform over its entire width.

In the circuit court of Rock county the case was first tried, and a decision was handed down in favor of the defendants. An appeal was then taken by the plaintiff to the supreme court at Madison, and a decision was rendered in favor of the plaintiff. The Chicago & Northwestern railway company then served papers for a motion of rehearing, each interested party filing briefs.

## A Signal Victory.

Now that the supreme court has denied the motion for a rehearing it looks very much as though Mr. Baines was master of the situation.

Sutherland & Nolan, and Dunwiddie & Wheeler of counsel, appeared for the plaintiff and appellant, while the interests of the City of Janesville were in the hands of F. C. Burpee and William Reger. Fish, Cary, Upham, and Black, of Milwaukee, and Lloyd W. Bowen, of Milwaukee, as chief counsel, acted in behalf of the railroad company.

## BUILD EXCHANGE HERE THIS FALL

CHICAGO PARTIES SAY THEY HAVE CAPITAL.

Local Investors Have Taken Several Hundred Dollars Worth of Stock—Telephones Will Be So Cheap That We Can All Talk—Four Hundred Subscribers Needed.

This city is to have a new and independent telephone exchange, and work towards its construction will be commenced this fall, and within ninety days.

Plenty of capital is at hand to carry out all expenses, and local moneyed men have faith in the enterprise to the extent of taking several hundred dollars worth of stock.

"The putting in of the exchange will be the means of making phones so cheap that the rich and poor alike can afford them."

The above statements are couched for by Frank L. Bills and E. L. Wortham, of Chicago, who are now at the Myers House and have been for the past three weeks agents for this new enterprise, which is backed mainly by outside capital.

## Well Under Way.

Two weeks ago The Gazette made mention of the coming of these gentlemen, and what they were endeavoring to accomplish here. For the past two years numbers of parties have been in the city, each anxious to build another telephone exchange here, but all equally anxious to interest local capital. In each and every instance they seemed to encounter failure here, and that was the last heard of them. Not so with Messrs. Bills and Wortham. They have gone at the task by interesting the right kind of people and that they have met with success they are now ready to avouch.

"I think you may safely state in The Gazette this evening that the building of a new and complete telephone exchange will take place in this city this fall, and within ninety days," said Mr. Bills to a Gazette representative this noon.

"There will be a metallic one that will cover every portion of Rock county as well as the city of Janesville. We will have our headquarters here, and will have connections with Beloit, Footville, Janesville, Fulton, Milton, Afton, Milton, Edgerton and Hanover. Our line will be complete in every way, and will carry and give the best service for the least amount of money possible. It will also have long distance connections with the surrounding country, and will have matters so arranged that one can converse right in their own homes with outside points.

## Low Rates Offered.

"In reference to prices we cannot state just what they will be at present, but you can rest assured they will be low enough to suit all. We will soon commence to make a thorough canvass of the city for four hundred subscribers, for that is the minimum number we shall need in order to start."

## CLEW TO THE MYSTERY

Bridgeport, Conn., Sept. 21.—[Special]—A promising clew to the yellow pond mystery has been unearthed. As a result of information secured, Harry Foster is under arrest at Hartford. In spite of the fact that Rau got mad one day and chased his wife about the house with hatchet in hand, she now comes to the front and says that all will be forgiven if her husband will only stop drinking and be a man. She says he is only bad when liquor gets the best of him.

It is likely that the matter will be settled, and George will be given his liberty.

The season as a whole was a satisfactory one in a financial way and the Janesville boys will always find a place awaiting them in Oshkosh.

## TWENTY CARS LEAF SHIPPED FROM HERE

M. H. Soverhill the Shipper and the Cargo Embraces 865 Cases—Will Make One Train on Chicago Milwaukee & St. Paul Railroad—It Brought Good Prices.

M. H. Soverhill, of this city, has made the sale of 865 cases of leaf tobacco which is now being loaded on the cars in this city for shipment to New York. To carry this amount of tobacco to the coast it will take one train of twenty cars.

The Chicago, Milwaukee & St. Paul railroad company has secured the shipments, and has already placed the cars at the disposal of the local firm. This is one of the largest deals in leaf tobacco that has been made by any of the local dealers. When the buying of last year's crop was commenced, Mr. Soverhill was among the first in the field, and lost no time in securing several valuable crops in many portions of the state.

At the local warehouse the greater portion of this season's purchase was sorted and cased, which was the means of furnishing work to many who needed it.

For several years past Mr. Soverhill has been engaged in the wool business, but it now appears that he is equally active in the leaf tobacco line. The price of this shipment is kept private.

The goods, after reaching New York, will be sent across the water.

## WANT BOTH PASTORS FOR ANOTHER YEAR

JANESVILLE METHODISTS ANXIOUS ABOUT CONFERENCE.

Court Street Church Makes a Formal Request For Rev. W. A. Hall's Return—First M. E. Church Is Working Hard to Retain Rev. J. R. Smith.

Next week the annual conference of the Methodist Episcopal church will be held, and pastors will be assigned.

At the fourth quarterly conference held in Court Street M. E. church last night the request was made that the annual conference appoint to them their present pastor, Rev. W. A. Hall. There was not one dissenting vote in this decision. It was entirely unanimous. Reports were made by the Sunday School superintendent, S. C. Burnham; by the president of the Epworth League, G. H. Turnbull; by the treasurer, S. D. Conant; and by the pastor, Rev. W. A. Hall. The following officers were nominated by the pastor and elected by the conference:

Stewards—S. D. Conant, S. C. Burnham, W. G. Palmer, G. H. Turnbull, S. S. Higby, George Sykes, W. G. McIntyre, H. F. Nott, J. L. Hay, C. H. Stoller, F. D. Hagooboom, H. G. Arnold.

Committee on Church Records—W. G. Palmer, W. F. Carle.

Committee on Parsonage and Furniture—Mrs. E. E. Loomis, Mrs. H. F. Bliss, Mrs. E. W. Lowell.

Pastor's Salary—Board of Stewards.

The church will start out on another year with a very strong officer.

Members of the First M. E. church are anxious to have Rev. J. R. Smith returned for another year. This cannot be brought about by appointment of the conference, however, as Mr. Smith is not yet on the rolls of the Wisconsin conference.

He has another year's work before him at the Northwestern Theological seminary in Evanston. So effective has his work been in Janesville, however, and so popular has he become that his continuation in this field is earnestly desired. There is a possibility that the end may be accomplished by leaving the First M. E. church without a pastor and allowing the presiding elder to appoint Rev. Mr. Smith as supply.

Ladies desiring a transparent complexion free from blotches, blemishes, pimples and blackheads, should use Rocky Mountain Tea. Smith's Pharmacy, next P. O.

## STILL AFTER THE FLAG.

Kansas City Wins Under Protest, Outfitting Indianapolis.

Kansas City won the Western league pennant from Indianapolis yesterday in a game that was a quiver with excitement until the last out in the ninth.

Had Indianapolis won it would have been the flag. Even as it lost it was not inclined to take the result as final.

Manager Allen lays claim to the pennant, and has filed protests enough to sustain it. Manager Manning will come back with counter protests, and the fiercely fought struggle will be carried into the annual meeting.

The official standing, issued by Ban Johnson, is given below. The disputed Kansas City-Detroit game, which has been credited to Detroit, is omitted altogether. Further affidavits have been filed by Manning, and Johnson concluded to leave the game unawarded till the league meeting. Two games properly belonging to St. Joseph by forfeit from Detroit are also left out. It does not appear that they were formally awarded on the field, so they must wait for the meeting. The final standing:

Clubs— W. L. P. C.

Kansas City ..... 88 51 .633

Indianapolis ..... 84 50 .627

Milwaukee ..... 82 57 .590

**ATTEND JANESVILLE SCHOOLS**

Pupils From Outside the City Are Numerous This Year.

Sixty-seven scholars, who reside outside the city limits are now attending the Janesville schools.

As each of these scholars is obliged to pay a tuition of \$5 for each term, or a total of \$15 a year, it is plain to see that the city receives a neat little revenue from this source.

City Treasurer Fathers, in looking over the list this morning, found that but seven of the entire number are attending the different grade schools here, the balance being members of the High school. The greater portion of these outside scholars reside in the county, and within a short distance of town.

**A RECRUITING OFFICER HERE**

Local G. A. R. Member Says Says That One Is Soon Expected.

Before many days a recruiting officer is expected in the city to open up a station in the interest of the government. All able-bodied men who are anxious to work for Uncle Sam for a five-year period will be invited to enter the ranks of the regular army.

A prominent G. A. R. member says that he has been informed from headquarters that the recruiting officer may be expected here at any time. The chances are that recruits from this section will be few and far between.

**Must Choose Their Party.**

Madison, Wis., Sept. 21.—The validity of the new state election law was upheld by the supreme court in a decision handed down Tuesday. The court affirmed the decision of the lower court in Milwaukee county, that the name of a candidate shall be placed on the official ballot but once. This is a blow to the fusionists. In Milwaukee, in 1896, the democrats and populists named the same candidates and endeavored to compel City Clerk Anderson to put their names on the ticket under both party headings. This they refused to do, and the populists took the case into court.

**No Vacancies to Be Filled.**

Indianapolis, Ind., Sept. 21.—Judge Allen of the Marion county circuit court refused to issue a writ of mandamus requiring the state board of election commissioners to print the names of the democratic nominees for the appellate court on the official ballots. The court thereby holds that no vacancies exist in the appellate court. The case will be appealed by the democratic state committee to the supreme court.

**Big Monitor Is Home.**

Newport News, Va., Sept. 21.—The monitor Amphitrite, which was in service on the Cuban blockade line, but which has been lying in one of the West Indian ports for some time with disabled machinery, arrived at Old Point Comfort Tuesday in tow of the auxiliary cruiser Yosemite. One of the petty officers seemed inclined to make light of the monitor's damages, and said the reports sent to this country had been greatly exaggerated.

## CURE FOR ASTHMA.

Discovery of a Leading Physician—A Public Test Will Be Made Tomorrow at Holmstreet's Drug Store.

All day tomorrow free sample packages of the celebrated "Schiffmann's Asthma Cure" will be given away at E. B. Holmstreet's drug store, 9 North Main street.

The doctor wants each sufferer from asthma, hay fever or bronchitis in this city to call and get one. When asked regarding his reason for giving his remedy away in this manner, he said: "People are naturally skeptical about an asthma remedy, and when you consider the number of so-called 'cures' on the market you can hardly blame them. Now I claim that my Cure cures. It will instantly relieve the most violent attack. It has permanently cured thousands who had been considered incurable. If I did not believe it why should I be giving it away? The sufferer who gets a sample package can tell in two minutes whether it is as I represent it, and it doesn't cost him a cent. That is fair, isn't it?"

It certainly does not look as if anything could be fairer. Those living out of town can get a free sample by writing their name and address (only) on a post card addressed Dr. R. Schiffmann, 315 Rosabel street, St. Paul, Minn., up to Sept. 30th; not later.

**TEMPLARS COMPLETE PLANS**

Myers House and Grand Hotel Will Be the Headquarters.

Two weeks from yesterday between 300 and 500 delegates will arrive in Janesville to attend the state meeting of the Grand Lodge Independent Order of Good Templars. All arrangements have been closed for their reception and entertainment here. The Myers House and the Grand hotel will be the headquarters, the leading officers being stationed at the Myers.

Exercises of a public nature will be held Tuesday evening, October 4, in Odd Fellows hall on North Main street, at which Mayor Thoroughgood will deliver an address of welcome on behalf of the city. All business meetings will be held in this hall.

At one of the churches on Wednesday evening will be held the graduating exercises for all those who have been taking a three-years' course of study as mapped out by the order.

Local merchants will be asked to decorate their places of business on the days of the convention.

**MANY VISIT THE STATE FAIR**

This City Sends a Good Sized Delegation to Milwaukee.

Janesville sent a delegation of seventy yesterday morning to the state fair which opened in Milwaukee. On the 7 o'clock morning trains on both the local roads, a large number of excursionists left, while many took the later trains. For the opening day seventy is considered a large crowd to go from here, and the local railroad officials are much pleased at the showing made. The excellent speed program that has been arranged each day has been the means of attracting many from here. Several residing in and near this city have exhibits there this year. Before the week is at an end it is expected that Janesville will send the largest delegation in years.

**LECTURED ON HIS TRAVELS**

Rev. Mr. Kempton Speaks on "Twenty Thousand Miles of Travel."

"Twenty Thousand Miles of Travel" was the subject of a lecture delivered last evening at the Baptist church, by Rev. A. C. Kempton. The church was well filled, and the lecture was worthy of the reputation of the speaker. He related in an interesting manner scenes he had witnessed and experiences he had had during his journeyings in Europe, Egypt and the Holy Land, especially those regions covered by the bible narratives. Stereoscopic views added greatly to the interest of the lecture, which was listened to with the utmost attention by those present.

**WORKING WOMEN WHO SUFFER.**

Should Get Mrs. Pinkham's Advice—The Whole Truth can be Told to her Because she is a Woman.

The suffering and pain endured by some working women is almost past belief. Here is a letter from one of the multitude of women who have been restored to health and usefulness by Mrs. Pinkham's advice and medicine:

DEAR MRS. PINKHAM:—I feel as though your advice had lifted me from the grave. I must have been very near it. I suffered terribly at time of menstruation, was constantly troubled with cold hands and feet, was extremely nervous, could not sleep well, was troubled with frightened dreams, had heart trouble and a feeling as though my breath was going to stop, also had leucorrhea. I tried to get help but all remedies failed, until I wrote to you. I cannot thank you enough for your kind advice, and I wish to tell every one the great good your remedies have done me.—TAMMA C. HOOPER, Wolfville, Md.

Lydia E. Pinkham's Vegetable Compound for a quarter of a century has been helping women to be strong and well.

The following statement from Miss F. PATTERSON, of 2531 Lawrence St., Philadelphia, Pa., should interest all working women who are troubled with female complaints:

"DEAR MRS. PINKHAM:—I must write and tell what your medicine has done for me. I am a working girl and have to stay at my work all day. I suffered greatly with bearing-down pains and backache. I was advised by a friend to try your Vegetable Compound. I did so and can say positively I am cured. I have recommended your medicine to all my lady friends, and would advise any of my sex suffering from female weakness to give Lydia E. Pinkham's Compound a trial, for I know it will cure."

Mrs. Pinkham invites all women troubled about their health to write to her at Lynn, Mass., and secure her advice free of all charge. All such letters are seen and answered by women only.

## FLAG RAISING AT LA PRAIRIE

Interesting Ceremony at Grange Hall On Saturday Last

Some time since, the farmers of La Prairie decided to raise money to purchase a flag to grace their hall. The Grange bore a share of the expense and worked hand in hand with their fellow townsmen. Last Saturday witnessed the consummation of their plans. The hall was made gay with flags and bunting and the tables were prepared with the old fashioned grange dinner. When all was in readiness the members of the G. A. R. and W. R. C. and others marched to the tune of Yankee Doodle and ranged themselves across the greensward in front of the hall, while the steps were occupied by a row of girls dressed in red, white and blue. E. G. Harlow then grasped the rope, and while Old Glory slowly rose, the crowd sang lustily, "We'll Rally Round the Flag," followed by "The Red, White and Blue." Then leaving their flag floating in the breeze, they went inside, and between two and three hundred partook of a hearty dinner. E. G. Harlow then arose and made a short speech well fitted for the occasion. At 2 p. m. the following program was carried out: Music, by the drum corps; drum solo, "Battle of Gettysburg," by the Wisconsin soldier drummer, Percell, of Beloit; prayer, by H. Waite; recitation, "Barbara Freithie," by Miss Leo Proctor's elocutionary class of fourteen children; Vocal solo, by Mr. Kimberly, the Wisconsin soldier singer, who was obliged to respond to an encore. Recitation by Leo Proctor, who encored as usual. The speaker of the day, Capt. Pliny Norcross, then favored us with a speech which held the attention of the entire crowd. Lieut. Hart, of Beloit, and several of his comrades in the late war being present, the call arose for Lieut. Hart. As he stepped forward, he was greeted with applause, but as he had not expected to be called on, he excused himself from making a speech with a few well chosen words. The drum corps gave several fine selections and closing with the song America, the crowd dispersed.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable pills for regulating the bowels, curing constipation and sick headache. They don't gripe. People's Drug Co., corner East Milwaukee street.

**Emerald Grove.**

Sept. 20.—On next Sunday, September 24, the Congregational Sunday School of this place will hold a rally. Special services both morning and evening. Rev. Dennis and J. T. Boyton are attending the Congregational State convention at Sparta. J. E. Dennis is about to give up his studies here and enter the N. W. Dental college at Chicago. Miss Lottie Swann of Janesville, spent last week with the Fitch family. Asil Lone and Charles Gardner each have a very nobby family survey. Mrs. Margaret Barhass and daughter Christina are both confined to their beds with rheumatism. Dr. Mills is attending them. Miss K. L. Barhass returned to Chicago last Friday after a month's stay in the country. The many friends here extend congratulations to Frank Boss, who was married in Edgerton to Miss Maggie McCarthy. Frank is known here as a very promising young man and we are certain of his making a model husband. Pure Gold flour \$1.10 at Gillies & Jones. C. H. Wright will soon move on the Van Kirk farm in La Prairie. Mr. and Mrs. Duncan McArthur entertained the Misses Kyle, of Whitewater, last week. James Lilburn has several hundred entries at the state fair in Milwaukee this week. All his exhibits are of the feather variety. Mr. and Mrs. Duane Davis will move to Janesville this week. George Beesly is contemplating a trip to Brodhead. C. D. Fitch has offered his creamery building for sale cheap. He is thinking of putting up a new creamery on his own property. Mrs. Robert More continues to improve and may be out of the hospital this week.

# OFFICERS TO BE RETIRED.

War Department Will Soon Make Wholesale Discharges.

HALF PRESENT FORCE TO GO.

Selections Said to Have Been Made, but the Names Are Withheld from the Press—Some Changes in the List May Be Made.

Washington, Sept. 21.—The reorganization of the volunteer army into corps, divisions and brigades will soon strike higher and affect others than regimental officers. In a few days the war department will begin the work of discharging from the volunteer service half of the present force of general officers and officers of the general staff.

When the volunteer army was reduced to 100,000 men by the order to muster out half of the volunteer regiments with the regimental officers, it left a majority of the officers of the general staff, including both major and brigadier generals, without any commands.

There are now in the service of the United States volunteer army eighteen major generals and seventy brigadier generals. If no change is made in the present plans this force will be reduced one-half, or to nine major generals and thirty-five brigadier generals. The generals who are to be discharged have all been selected, but their names are being withheld on account of any changes which may be made. It is understood, however, that the officers who are to be discharged are those whose commands have been ordered mustered out. As in the case of the regimental officers who were mustered out along with their regiments, the generals will be given the usual furlough before being actually discharged.

Although all names are being withheld, it is generally understood that the major generals who will be retained in the service are Shafter, Lee, Wheeler, Otis, Kent, Kiefer, Lawton, Wade, Merriam and Breckinridge. On account of the brigadier generals being so numerous the names of the ones who will be discharged cannot be positively ascertained.

## Funeral of Winnie Davis.

I., Thursday morning, it will be placed on a funeral car of the Pennsylvania railroad, attached to the colonial express of the New Haven road. The body will reach Washington at 9:15 a. m., and leave that place for Richmond at 4:30 a. m. Friday.

## Kyle is Now a Republican.

Cleveland, O., Sept. 21.—United States Senator Kyle has become a republican, leaving the free-silver people, with whom he previously affiliated. This announcement was first made at the headquarters of Senator Hanna in this city, and later confirmed by the senator himself, who, lying on his sick bed at the Forest City house, said his South Dakota friends would have been much better pleased had the announcement come in a more formal and explanatory way from himself directly.

THIS DAY IN HISTORY.  
The united tidal action of sun and moon on the atmosphere is greatest at this date, which some take to be the cause of the "equinoctial storm."

1553--The famous Charles V of Germany, etc., died at the monastery of San Yuste, Spain; born 1501.  
1607--Treaty of Ryswick, France, with England, Spain, Holland, etc. In the celebrated treaty of Ryswick Louis XIV acknowledged William of Orange as king of Great Britain and Ireland and restored conquered territory to Spain and Germany. France acquired definitely Strasbourg and other places in Alsace.  
1778--Louis Bonaparte, brother of the emperor, king of Spain and father of Louis Napoleon, born at Ajaccio, Corsica; died 1846.  
1820--Joseph Rudman Drake, American poet, died; born 1755.  
1892--Walter Scott died; born 1771.  
1895--Professor Abraham Viktor Rydberg, Swedish author, died at Stockholm.  
1896--Professor William Crawford Willcox, astronomer at the United States naval observatory, died at Bay Head, N. J.; born 1850.

THE ARMY INVESTIGATION

Plans for the army investigation are being made. Lieutenant General Schofield has refused to serve, but several others have accepted. Among them are President Gilman, Colonel Sexton, Dr. Keen, General Dodge, ex-Minister Denby, and Colonel Evan P. Howell. The president has several other names under consideration for the commission. Among them are said to be General Stephen D. Lee, of Mississippi, and General Jackson, of Tennessee, two ex-confederate soldiers.

To a southern democrat and ex-confederate Colonel Howell said he was ready to help in this work for the good name of the country, and the army. President McKinley has assured him that whatever information there is in the war department should be placed at the disposition of the commission, and all he desired was that the investigation should be full and fair, to let the blame rest, if blame be attached to individuals, upon any and every man, not excepting himself. He wanted no whitewashing of anybody or any department, but a full exposition of the war and its embarrassments, with the causes made clear. Under such instructions Colonel Howell said he regarded it as a patriotic duty to accept the appointment, and he had done so.

Although General Schofield has given no reason, publicly, for his refusal to serve, the facts in the matter would seem to make the motive plain. When the war began the president and Secretary Alger called General Schofield into the war department to act in an advisory capacity, and he was there for weeks. Every plan and proposition for making ready was submitted to him, and nothing was done in the war department without his sanction.

It is said that General Schofield ceased to act as the advisor of the secretary of war because of the opposition of General Miles, who was disposed to hold him responsible for the department, overruling some of his recommendations and attribute this to unfriendliness rather than a difference of judgment in military affairs. General Miles and General Schofield have not been regarded as the closest friends, or mutual admirers in the past, and with the disposition to recall this, it is said that General Schofield asked the president to relieve him from such a service as was required of him. Democrat though he is, and not a particular friend of Secretary Alger, his associations with the secretary as advisor in the early weeks of the war, and his alleged unfriendliness to General Miles, might furnish the opportunity for the charge that he was trying to "whitewash" the war department. The president excused him. But the investigation will be made and there will probably be a commission of nine members.

TICKET COMMANDS RESPECT

The republican county ticket commands the respect of all. W. H. Appleby is favorably known as a police officer all over the state; District Attorney Jackson has made a splendid record; T. W. Goldin has made as faithful and competent a clerk of the court as the county ever had; Register of Deeds O. D. Rowe has discharged his duties with absolute fidelity; County Treasurer Thorpe has been an excellent official; E. P. Starr will make a splendid county clerk, and P. F. Brown and Max Peenix will discharge the duties of their offices with honor and credit.

These men are republicans and everyone knows that they are honest and capable. Therefore, nothing more need be said. Their election is assured. Naturally the democrats are at a loss for a charge to make. They know that the records of the republican candidates are clean and honorable. Yet some campaign must be made for the hopeless cause of the democratic candidates, and as the democratic organs have no ammunition, they begin to shoot meaningless nothings into the air. The republicans realize the necessity of an increased majority this fall, however, and will not be misled.

The democratic ring is making superhuman efforts to elect its candidates this fall, but will fail. Three Janesville men may dictate the policy of the democratic party in Rock county, and defeat candidates by packing conventions. But three Janesville democrats cannot herd the republicans of Rock county up to the polls and make them vote the democratic ticket. Not by a jugfull.

The Milwaukee Sentinel says: "There are no state issues that should drive any republicans into the democratic party this year. Whatever reforms are desired by the people will be undertaken by the republican party and the safest guarantee of their being carried out lies in the election of the republican ticket, as every republican in the state knows."

A vote for an honest money republican assemblyman is a vote for an honest money United States senator. The national administration must have the support of an honest money republican senate.

General Charles A. King, with 6,000 troops, has been ordered to Manila to reinforce General Otis' command. The battleships Iowa and Oregon will also go to the Philippines to reinforce Admiral Dewey.

The state fair is now open, and will attract many Rock county people to Milwaukee.

Gas Victim's Revenge.

From the New York Evening Post: The Consolidated Gas Company of New York has in its possession a curious check. A certain physician whose bills had grown beyond endurance threatened all sorts of punishment if they were not reduced, but, as things will go in the gas consumption business, at the next collection an extra dollar or two appeared in the charge. Let us draw the curtain over his righteous wrath. Having recovered, he drew a check for the full amount and accepted a receipt. At the office of the company it was noticed that the check was made payable to the order of the "Consolidated Gas Swindle" of New York and the directors enjoyed a good laugh at their own expense. It went through the bank and clearing-house without correction and is now a canceled curiosity in the archives of the corporation.

## PRESBYTERY BUSY WITH ITS WORK

SESSIONS ATTRACTING MANY  
PEOPLE.

Nearly All the Congregations Are Represented—New Moderator Chosen—Reports of Progress Made During the Last Term—Men of Ability Chosen.

The Madison Presbyterian convened at the Presbyterian church last evening. The following clergymen were in attendance:

Rev. Messrs.—  
Henry A. Winter, Madison.  
A. V. Gulick, Kibbourn City.  
J. H. Richey, Portage.  
W. B. Brown, Beloit.  
Edward S. Scott, D. D., Reedsburg.  
Nicholas Sulzer, Marion.  
Niel Harvey, Wausau.  
C. L. Richards, Baraboo.  
Mrs. Geo. G. Copeland, Brodhead.  
Fred L. Walters, Muskego.  
James M. Campbell, Leoti.  
J. E. Blakesley, Belleville.  
Charles A. Adams, Cottage Grove.  
Louis E. Holden, Beloit.  
T. P. Crosswell, Beloit.  
Richard Dingle, Oregon.  
J. W. Francis, Highland Center.  
Auguste Hilkemann, Platteville.  
Horace O. Bethel, Oregon.  
James M. Bain, Portage.  
Frederick Walker, Beloit.  
H. B. Bigler and wife, Madison.  
Charles C. Dunn, Freeport, Ill.  
Benjamin D. S. Ely, Rockford, Ill.

There was a good attendance present when the retiring moderator, Rev. Louis E. Holden, of Beloit college, delivered his annual address. He chose for his theme "Christian Education," and spoke earnestly upon the importance of giving to the people that higher education which embraces more than mere book knowledge—a knowledge of things divine and the mission to fulfill which man has been placed on earth.

Rev. Dr. Edward S. Scott, of Reedsburg, was elected moderator for the ensuing term, and Rev. Charles A. Adams, of Cottage Grove, temporary clerk.

Today's proceedings opened with a prayer meeting led by Rev. George C. Copeland, after which business was resumed.

The morning's session opened at 8:30 with a half hour prayer meeting. Business began at 9 o'clock. Rev. Barton B. Bigler, the newly elected pastor of Christ Presbyterian church at Madison, was present and was received into membership.

The work that occupied the most of the time was the consideration of the home missionary work. This presbytery includes quite a large extent of territory. There are forty-two church organizations under the care of this body, taking in such points as Madison, Beloit, Janesville and Baraboo. There are necessarily many home mission churches in the number. It requires about \$2,500 annually to carry on the work of the missions.

The afternoon until 4:50 was given up to business. One of the prominent features was the examination of young men. Several are before the Presbytery asking to take examinations; some for licensure and some for ordination.

At 4:30 Rev. Ben. E. S. Ely, Jr., pastor of the First Presbyterian church, of Rockford, Ill., delivered an address on the "Model Minister."

In the evening the entire time will be given to a popular service to which the public have a most cordial invitation. The first address will be by the incoming pastor of Madison. This will be followed by an address by Rev. Dr. Dun, of the First Presbyterian church of Freeport, Ill.

It is something out of the ordinary for speakers from outside of Presbyterial bounds to partake in these popular services, but Rev. Mr. Pence, the pastor of the Presbyterian church, has made a special effort to make this meeting interesting and beneficial.

## CLOVER SEED A FAILURE.

The Crop in This Vicinity Proved to be Light and of Little Value.

One crop was almost a failure in Rock county this summer. That was the clover seed crop. Clover was heavy and plenty of clover hay was mowed away, but the seed proved to be very light. It did not fill, and farmers who counted on this as a means of revenue have had to change their estimates.

## Special Announcement:

The Janesville Coal company have completed their new yard at the foot of South River street and extend a most cordial invitation to their friends and the public to call and inspect the most complete coal and wood yard in the city. For the convenience of their large and increasing trade, they have opened an office on the bridge on Milwaukee street in the store occupied by the plumbing firm of Green & Allen, where the wants of the public in the fuel line will have the most careful attention. Those who wish to call them by telephone will find telephone 5 for the office and telephone 89 for the yards, the "open sesame" for prompt attention to their wants.

## THEY STILL FAVOR EARLY CLOSING

J. M. BOSTWICK & SONS  
PROTEST.

Employees in Our Stores Need Some Time For Rest and Recreation—It Is An Unnecessary Hardships to Compel Them to Work Both Night and Day.

There is considerable opposition in some quarters to the movement among merchants in favor of keeping the stores open to a later hour in the evenings than has been the custom of late years. Among others, J. M. Bostwick & Sons have entered their protest. They say that the plan in vogue during the past four years of closing early has become so thoroughly understood by the people that they have gotten all over thinking of it as an inconvenience. "Who would deny merchants and clerks the little time that four evenings a week gives them to get their mind off from business, and to think of other things?" they ask. "It is certainly a great relief to a man who has a home, to sit down after supper and feel that he is free to do as he pleases after a hard day's work. What are we living for? Is the greed of gain the only thing? Have people who work in stores no rights? Why should the clerk be obliged to work so much longer than the day laborer? Laboring people sympathize with the clerks; they realize what a drudgery life becomes not only to the salespeople, but to the proprietors as well, to have to work every night."

The Messrs. Bostwick hold that "dry goods merchants have the interests of the city at heart, but they know that there is no money in keeping the stores open nights more than twice a week and are also aware that their employees really need a little diversion to make them take the right interest in business. It is decidedly a backward step to return to the antiquated custom of working day and night too."

## Pelleux Favors Revision.

Paris, Sept. 21.—Gen. Pelleux, writing to Mr. Meyer, director of the Ecole des Cadres, repudiates all responsibility for Col. Henry's forgery. He says he is of the opinion that the army ought to demand a revision of the Dreyfus case notwithstanding all the circumstances he is convinced that the army would lose nothing by such a course.

## FIRE CLAIMS TEN VICTIMS.

Terrible Loss of Life in a Burning Elevator.

### VICTIMS WERE PENNED IN.

Spontaneous Combustion the Cause of the Destruction of the Union Railroad Transportation Company's Grain Elevator at Toledo, Ohio.—List of the Dead.

Toledo, O., Sept. 21.—Ten persons cremated, eight more fatally burned and eight seriously injured in the record of the most disastrous fire that ever occurred in Toledo. The spontaneous combustion of dust in the grain elevator owned by Paddock, Hodge & Co. Tuesday night caused this terrible destruction of life, and none of those who were taken out after the fire started was far enough from death's door to tell any of the horrible details.

William J. Parks, the superintendent, after being blown through the window of the lower story, was conscious enough for a moment to say that at about 8:30 there was a terrible explosion on the south side of the elevator, and that he knew there were about twenty men at work on the seven floors of the enormous building. Besides those regularly employed at the elevator the three children of William J. Parks were visiting him at the time. One of these may recover from his burns, but Grace, a 17-year-old girl, is burned almost beyond recognition, and Harold, the third child, has not been found, being either blown to atoms or cremated.

The dead are:  
SAMUEL ALBANDER.  
FRED GARRETT.  
BERT WAINWRIGHT.  
HAROLD PARKS.  
JOHN SMITH.  
GRACE PARKS.  
FRANK VAN HOUSEN.  
JOHN CARR.

The injured are:  
DAVID KEMP.  
BARNEY WELCH.  
CHARLES KEIFER.  
FRED PARGILLIS.  
—ELIOTT.  
CHARLES BROOKSEEKER.  
EVERETT SMITH.  
HAMILTON PARKS.  
WILLIAM J. PARKS.  
W. C. JORDAN.  
PETER HAAS.  
AL BALDIE.

Four others, names unknown.  
Mr. Parks and an unknown died after being rescued, thus increasing the list of dead to ten.

At 8:30 the people of East Toledo were startled by a terrific explosion, which caused a panic all over the neighborhood. Houses were shaken as in an earthquake, and windows were shattered for blocks around. Those in the vicinity of the Union elevator soon noticed flames bursting from all sides of the building. It was but a few minutes till the fire department of the city began the work of rescue, which was rendered difficult by the terrific heat of the fire. The river cut off escape on one side, and there the flames seemed to be less fierce. The families of a dozen men who were known to be at work within, rushed to the scene, and women calling for their imprisoned husbands, brothers and fathers, made a scene indescribable.

It was learned that the force of twenty men expected to load 80,000 bushels of grain during the night. Not one of the entire number could be seen in any part of the building, and it was impossible to reach them in any way. William Parks was found first. He was twenty feet from the building, frightfully burned and his clothing almost entirely torn off. He had been literally hurled from his place in the main room through a window, and his agonizing cries were most pitiful. Another employee, John Carr, was hurled from the fifth floor of the building and was found bleeding and burned, with many bones broken. He did not long survive. Fireman David Kemp and Charles Keifer, the engineer, were found at their places in the engine rooms. They were wounded by falling timbers and their faces were charred to a crisp by the flames.

The little daughter of William Parks was sitting at the desk in the office at the time of the explosion, and she was hurled out of the door. She walked down the elevation on which the building stands and dropped down, to be carried away unconscious, suffering from wounds from which she cannot recover.

John Smith was fatally burned. He was literally dismembered and was taken to a hospital to die. The missing men are doubtless all dead. No trace can be found of any of them, and as they were employed at the top of the elevator their chances for escape were but slight.

The heat became so intense that twenty cars standing on sidings near the burning building were added to the loss. The fire department had a hard struggle to save other elevators and property.

The bridge across the Maumee river was on fire several times, but outside the loss of the elevator the damage is slight.

Mr. Paddock, a member of the firm owning the plant, said that there was between 500,000 and 600,000 bushels of grain in storage at the time, most of it being winter wheat. The property and the grain is an entire loss and will reach \$450,000. The insurance is \$135,000 on the building, and the grain is covered with \$258,000.

At 12:20 o'clock the flames were fully under control.

## ALGER WILL NOT RESIGN.

New York Paper's Report Denied at the White House.

Washington, Sept. 21.—The report in a New York paper that Secretary Alger tendered his resignation before he left Washington is emphatically denied at the white house. Secretary Alger has no intention of retiring from the cabinet. There is no friction whatever among President McKinley's advisers, and these rumors regarding Secretary Alger are similar to those concerning Secretary Gage last winter and other members at different times, and they have no more foundation.

The Yorktown will be assigned to the Asiatic station, where the need of small gunboats in the waters of China and the Philippines is especially felt.

## MAKING HISTORY AGAIN.

Sailing of the Eastern Squadron Repeats Old Time Doings.

New York Commercial-Advertiser: There is a dramatic side to the sailing of the eastern squadron. It is the first American expedition against a power of Europe. We harried British commerce and punished the Algerians, but those were affairs of frigates. It is the first attack on the coast of Spain since Gibraltar fell. In the peninsular wars Wellington and the fleet were co-operating with the Spanish patriots and helped protect Cadiz and Barcelona. In its nature this expedition recalls the dazzling traditions of Drake and Elizabeth. We are finishing the work the sea rovers of our race began 300 years ago. We are giving the mercy stroke to the world giant the fathers of the men of Plymouth and Jamestown, defied and crippled. This expedition is part of the performance of the mission of Anglo-Saxonism. This mission has its duties in Europe as well as in America and Asia. Incidentally it is rather a fine answer to the European pretensions to dictate how and where we shall carry on war and to propose its limitation to American waters. Dewey's guns gave the first answer to that pretension. Another will soon be heard near the Pillars of Hercules. Our field of operations is the world, and it has no more limits for us than for the daring spirits who made Spain great four centuries ago.

### Archbishop Temple's Early Days.

Dr. Temple, archbishop of Canterbury, told some working men a short time back that he was himself the son of a working man—a soldier, who afterwards became governor of a colony. His father died when he was only thirteen, and from the age of seventeen young Temple had to earn his own living. The archbishop knew in his youth what it was to do without a fire in cold weather, because he could not afford one, and had to wear patched clothes and boots. He learned to plough as straight a furrow as any man, and could thrash equally well.

## CHEERED BY THE PRESIDENT.

McKinley Visits Soldiers' Hospital at Fort Myer.

## TALKS WITH CONVALESCENTS.

Imperative Orders Given That the Men Shall Wait for Nothing—Investigation of the War Department Is Soon to Be Begun.

Washington, Sept. 21.—President McKinley Tuesday afternoon made a personal inspection of the hospital at Fort Myer, Va. Accompanied by Adj. Gen. Corbin, the president left the white house at 1:30 p. m. and drove unannounced to the fort. He proceeded directly to the hospital, and, introducing himself to Major Davis, the United States army surgeon in charge of the hospital, informed him that he had come to make an inspection of the institution and to pay his respects to the patients and those in charge. The president passed an hour and a half in the various wards and departments of the institution, going from cot to cot and extending a personal greeting to each one of nearly 460 patients.

The president carefully inspected the kitchen and examined the food supplied to the hospital patients. At the conclusion of his examination he expressed himself well satisfied with the arrangements made for caring for the sick, but desired it to be understood that the patients were to wait for nothing that would improve their condition or render them more comfortable. The patients were particularly pleased at the visit of the president, and Major Davis said, as the party left the hospital, that it would do more to cheer up the sick men than any quantity of medicine.

The president is making progress in the matter of preparation of the commission for the investigation of the conduct of the war so far as it relates to the war department, and he stated to members of the cabinet that he had so far completed the commission that he had invited the members to meet him for a conference at the white house on Saturday next, with the view to beginning their work next week. Seven of the nine members of the body have definitely indicated their acceptance of the president's invitation, and he expressed himself as being very confident of being able to secure the services of the other two gentlemen necessary to complete the quota of nine by the time set for the conference. The names of the new men who have been invited to serve were not given out.

## FIFTH ARMY CORPS TO GO TO CUBA.

Fact Announced in Orders for Supplies for the Force of Occupation.

Washington, Sept. 21.—The Fifth army corps, which under Gen. Shafter saw service at Santiago and is now scattered through reserve camps and military posts over the country, will form a part of the army of occupation that will be sent to Cuba. This fact was made public in orders issued from the war department, directing an officer of the subsistence corps to perform certain duties "prior to the departure of the Fifth army corps for Cuba."

The Seventh corps, under Maj. Gen. Lee at Jacksonville, has been generally regarded as slated for service in Cuba as the army of occupation, and while it is not known that it will not perform such duty, it was supposed that the Fifth, which has stood the brunt of battle, would be permitted to remain at the various stations to which it was assigned after leaving camp at Montauk Point. This corps consists largely of regulars.

## Would Relinquish All the Islands.

Madrid, Sept. 21.—The Philippine question troubles the government not a little. Public opinion is divided. Many advocate the cession of all the Philippine group, together with the Caroline and the Iadone islands. All are united in opposition to Spain's assuming any portion of the Cuban debt, and there is a unanimous sentiment in favor of a good commercial treaty with the United States.

## Employment for Cuban Troops.

Washington, Sept. 21.—Gen. Lawton has made a recommendation to the war department for the utilization of such Cuban troops as may relinquish all connection with the Cuban army by employing them upon various works of the United States at Santiago. Gen. Lawton has not recommended that they be used to police the city or province of Santiago, but directly the contrary.

## Says Col. Bryan Will Resign.

Kansas City, Mo., Sept. 21.—A special to the Star from Jacksonville, Fla., says: "Col. William Jennings Bryan of the Third Nebraska volunteers will shortly resign his commission in the United States army and resume the discussion of public questions. This statement is not made upon the authority of Col. Bryan, however."

## Old Glory Flies in Havana.

Havana, Sept. 21.—At 10 o'clock Tuesday morning the first American flag in Havana was hoisted on the flagstaff of the Trocha hotel, the headquarters of the American evacuation commission. A guard of marines was posted at the entrance to the grounds.

## John Sherman Is Ill.

Washington, Sept. 21.—Former Secretary Sherman has been confined to the house for the past few days by a cold which developed into a slight attack of bronchitis. He is much better, and will probably be out in a day or two.

## PECULIAR POISONS

## GENERATED IN THE HUMAN BODY.

## The Result Of Imperfect Digestion Of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay or death.

In the human body the "germs" of disease and death (called by scientists "Toxins") are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles; poisoning the brain, causing headaches and pain in the eyes.

Bad digestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes. And this is so because every organ, every nerve depends upon the stomach for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products: the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form, all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents per box, in package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book of stomach diseases mailed free. Address Stuart Co., Marshall, Mich.

## A Shrewd Man.

Many and strange are the methods the westerners adopt in money making. In the early days of Seattle a man pre-empted a site on the water front of the town. The law required that he have a house. Near by on the beach was a weather-beaten hull of a vessel. He drew the remnant of his lot and started a second "Rudder Grange." It was not long before sites on the shore were in demand and the shrewd "squatter" sold his lot for \$250,000.

## Dreadfully Nervous.

GENES.—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

On the Fourth of July a young man of Stockton, Kan., took his best girl to a picnic. There she accepted so many attentions from another young man that the first young man became enraged and went home, leaving the girl to get back to her own house as best she might. She hired a hack, for which her father paid 75 cents, and then the old man sent the bill to the sulky young suitor. He refused to pay, and the old man sued him in a justice court, alleging that having taken the girl to the picnic it became his duty to see her safely home at his own expense. Both sides have hired lawyers and the case will be fought to a finish.
